Bulletin Insert for this week will address current statistics of parish demographics.

The agenda for the town hall meeting and the slide presentation were discussed. Both are attached.

Action: Sandy will finalize the agenda and slides.

The process for gathering feedback during and after the town hall was discussed. Online responses will be sent to a generic office email address so responses can be anonymous with the option to include names if a personal response is desired.

Sandwiches and fruit will be offered after 10:30 AM Mass.

Meeting will be held in the church from Noon – 1:15 PM.

John Piazza has offered to organize the data received from the town hall.

Action: Consider how to communicate the responses back to our community. Perhaps via website or bulletin.

Role of Parish Council

Fr. Paveglio provided a set of guidelines for parish councils and a model for communication. Attached.

It was suggested that it is time to look at the effectiveness of the parish council. Is it time to restructure the council in terms of number of members or length of time commitment?

Action: Discuss at future meeting.
